REPORT OF THE SUPERINTENDENT OF SCHOOLS

Pelham, New Hampshire

February 1, 1945

To the School Board and Citizens of the Town of Pelham:

I herewith submit my fourth annual report as Superintendent of Schools.

We were fortunate during the present school year in having but one change in the teaching staff. Miss Alice Josak replaced Miss Christine Korney at Gage Hill.

We have followed the same general plan which worked out so well last year. The sixth, seventh, eighth and ninth grades are transported to the Junior High School building. Three teachers take care of this group very well. There are five grades represented in the Gage Hill and Gumpus schools, four at Pelham Center and four, including the fifth grade, at North Pelham. This makes a well centralized system.

Many people in Pelham have expressed the opinion that it would be better to send all high school pupils to neighboring high schools, leaving the eighth grades in the elementary schools. Transportation is such that we could, by making additions, have a first-class centralized school at Pelham Center. I recommend that beginning next year we send the ninth grade to Lowell and other high schools, close the North Pelham School, and transfer the lower grade pupils to Gumpus and house the fifth grades from all schools in the junior high school building. This could be done with very little extra expense. We could then have the four upper grades in one building at the Center and the four lower grades in three buildings, Gage Hill, Gumpus and the Pelham Center School. I recommend that a committee be appointed to study this matter and bring in a report at the 1946 district meeting.

Those who are close to the situation realize that times have changed and that a 1-year high school in Pelham is no longer practical. Pelham children will get far more advantages at less cost by going to neighboring high schools.

As far as we can see, the teacher shortage will continue even after the war is over, consequently any change in the school system that will lessen the number of teachers is all to the good and meets a real need in these times.

In closing I wish to express my appreciation to the School Board, Teachers and all others who have cooperated so whole-heartedly to make the school year not only a success but very pleasant.

Respectfully submitted,

GAIUS H. BARRETT,
Superintendent of Schools.

REPORT OF THE PRINCIPAL OF THE JUNIOR HIGH SCHOOL

Pelham, New Hampshire

January 24, 1945.

*To the Superintendent of Schools, the School Board and the
Citizens of Pelham:*

I herewith submit my first report as principal of the Pelham Junior High School.

In September, 1944, there were seventy-five pupils enrolled in the school. At the present time there are seventy-one pupils. Three have moved to a new locality, and one is staying at home, having completed the eighth grade.

Last fall the pupils of the school brought in bags of common milkweed and scrap, endeavoring to do their part for the Armed Services.

Our annual Christmas party was held the Friday before vacation. The entertainment was provided by the students in the different grades. We are grateful to the Parent-Teacher Association for their generous contribution toward our party.

Our attendance has been good, with a few constant absentees. The cooperation of the parents is asked, in order that we might maintain the high standard of attendance for which you have been so proud in the past.

On behalf of myself and the teachers, I wish to take this opportunity to thank the Superintendent, School Officials, School Nurse and all those who have contributed to the success of the school.

Respectfully submitted,

RUTH B. CULLINAN,
Principal.

REPORT OF THE SCHOOL NURSE

Pelham, New Hampshire

February 1, 1945

*To the Superintendent of Schools, the School Board and
Citizens of the Town of Pelham:*

I herewith submit my annual report as school nurse from February 1, 1944 to February 1, 1945.

Number of pupils examined (3 examinations)	494
Number of pupils having defective vision	10
Number of pupils having defective tonsils	43
Number of pupils having mumps	1
Number of pupils having scarlet fever	3
Number of pupils having chicken pox	2
Number of pupils having impetigo	2
Number of pupils attending small pox clinic	6
Number of home visits	142
Number of school visits	185

During the summer vacation, thirteen children with defective tonsils had them removed and quite a number have seen their dentists and had their teeth attended to.

In November, Mrs. Irene Birchell, Nashua T. B. Nurse, assisted me in giving the T. B. Patch Test to 161 school children and school personnel. There were only seven reactions and they were then given chest X-rays. I am very happy to say that none have an active case of tuberculosis. This project was sponsored by the P. T. A.

After the pre-school clinic last May, Dr. Winograd of Nashua again helped by vaccinating six children that entered school in September.

Respectfully submitted,

ANNA M. HORSKIN, R. N.,

School Nurse.

ANOTHER ENEMY TO CONQUER

Here is a home front fight that everyone can get into. Last year in this State 558 brush and forest fires burned over 4,648 acres of land, of which 2,788 acres were valuable timber and young growth. With available manpower the lowest of any year since the war started, you can help to keep this loss down by preventing these fires from starting.

Keep in mind these simple rules:

1. Always get a permit from your forest fire warden before starting any fires in the open. Burning under certain conditions is permitted.
2. Never burn unless you have enough help to control your fire—a permit does not excuse you of negligence in case it gets away.
3. Always report any uncontrolled fire promptly to your forest fire warden. Minutes lost are acres lost.
4. Be especially careful with cigarettes, matches and pipes. Smokers caused most of our fires.
5. Never leave a fire unless it is dead out. You can't feel safe while there is a spark left.
